Details may not add to totals due to rounding

a/ For FY 2005 there is a \$23.158 billion limit on a specified list of advance appropriations pursuant to Section 501(b)(2) of H. Con. Res. 95 (the FY 2004 Budget Resolution). The Labor, HHS bill has a \$400 million advance appropriation for FY 2006 for the Corporation for Public Broadcasting. The Corporation for Public Broadcasting is an account that is identified for advance appropriations in Section 501 of the Joint Explanatory Statement of the Committee of Conference for H. Con. Res. 95.

The Homeland Security bill has a \$2.175 billion advance appropriation for FY 2009 for Project Bioshield. Project Bioshield is not an account that is identified for advance appropriations in Section 501 of the Joint Explanatory Statement of the Committee of Conference for H. Con. Res. 95. As a result, there is a 60-vote point of order that lies against this bill pursuant to 501(b)(1) of H. Con. Res. 95.

b/ Section 502(c)(2) of H. Con. Res. 95, the Concurrent Resolution on the Budget for FY 2004, states that any provision designated as an emergency requirement by both Congress and the President shall not count for purposes of section 302 of the Congressional Budget Act of 1974 and section 504 (relating to discretionary spending limits in the Senate) of H. Con. Res. 95.

As a result, this estimate does not include budget authority or the resulting outlays from the FY 2003 emergency supplemental appropriations for FEMA in P. L. 108-69, a bill making emergency supplemental appropriations for the fiscal year ending September 30, 2003, the FY 2003 emergency supplemental appropriations in Title III of the Conference Legislative Branch appropriation bill, or the FY 2004 emergency appropriations for veterans medical care in the VA, HUD bill.
